

501 Commons -- Donation Wishlist

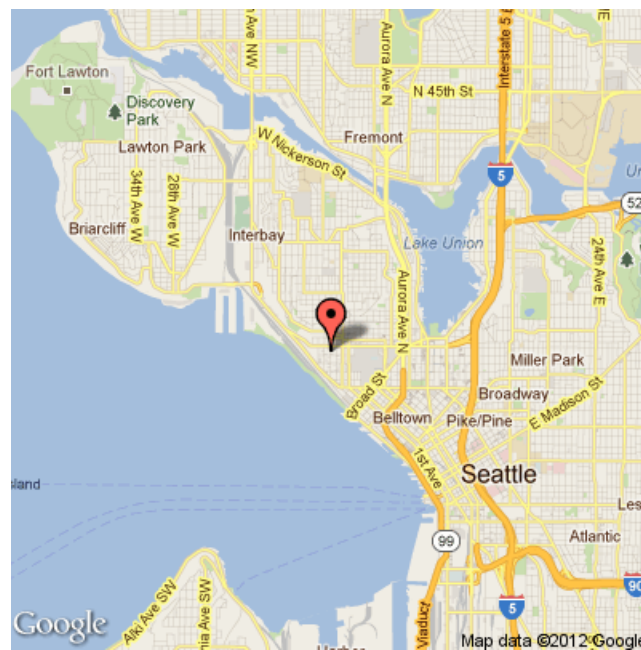

About: 501 Commons' mission is to boost the capacity of nonprofit organizations to thrive over the long term and effectively serve the community. * We are a first stop for information on the best and most promising practices, and for referrals to local service providers. * Access a broad range of high-quality consulting services through one organization. * We keep our services affordable by engaging skilled professionals who donate their time and talents as consultants, advisors, and leadership coaches. * Our highly trained bookkeepers can help you manage your money, so that you can manage your mission. * We help nonprofits advocate effectively, partner successfully, and learn from one another. * We create programs, resources, and services to assist our philanthropic partners in meeting their goals.
